

Thank you for your interest in Asset-Backed Lending. In a joint effort by CLS Investments, LLC and United Republic Bank, eligible CLS clients are now able to use their CLS-managed assets as collateral for a line of credit.

How the program works.

Similar to a home equity line of credit, our Asset-Backed Lending program allows you to establish a line of credit to access cash without the need to liquidate any of the assets in your account.

Payments on amounts accessed from your line of credit are interest-only and are based on a one-year term. A line of credit is available at any dollar amount up to 75% of your account's current value. Due to market fluctuation, should your line of credit rise above 75% of the account's market value, you may be required to pay down your loan or add funds to your CLS managed account.

Account Qualification.

Accounts must generally meet the following criteria to qualify as collateral for a line of credit in the Asset-Backed Lending program*:

1. The account must be actively enrolled in a CLS asset management program
2. Account value must be \$500,000 or higher
3. Non-qualified accounts (non-retirement) only
4. The account must have Constellation Trust Company as custodian
5. All management strategies qualify with the exception of Income strategies
6. All investments qualify with the exception of variable annuities
7. All systematic withdrawals must be removed from the account

Once you are ready to apply for a line of credit against your account, please follow the steps below.
